

Digital Signage for Laundromats

Clean View™ Digital Signage is built for ease of use with plug-n-play compatibility on your store's existing TV. Best of all? Clean View™ requires no Wi-Fi or Internet connection to work. There's no complicated software to download, no monthly fees, and we do the design work for you. The system consists of a dedicated media player about the size of a deck of cards, and a custom designed looping video presentation preloaded and optimized for your screen. Simply unbox, plug in, and start displaying dynamic content inside your store. ***It's that easy!***

Create an Immersive Branded Experience

- ✓ The Clean View™ system is compatible with TVs and monitors equipped with an HDMI port.
- ✓ We match your store's unique branding including logo, colors and style for a seamless experience.
- ✓ Generate revenue by selling ad space to nearby businesses. We can help you get started.
- ✓ If the media player is turned off or you suffer a power outage, it automatically restarts without interruption.
- ✓ Our design techs are always ready to revise or create new content on an as needed basis.
- ✓ The Clean View™ system is designed to be affordable for every type of laundromat.

Clean. Fresh. **Easy.**

Turn your existing TV into a marketing powerhouse with Clean View™ Digital

The Advantages are Clear

- ✓ Clean View™ Digital Signage acts as a silent salesperson to move customers from basic to premium services.
- ✓ Not everyone knows how to use today's commercial laundry equipment. Display step-by-step visual instructions to guide customers.
- ✓ From stain removal hacks to how much detergent to use per load, Clean View™ delivers actionable information.
- ✓ Let customers know about available payment options. We create engaging visual content for all major payment platforms.
- ✓ Boost store traffic during slow periods by advertising your time-of-day or day-of-week specials on your digital sign system.
- ✓ Are your traditional signs often ignored? Grab customers' attention with motion graphics to keep your messages front and center.
- ✓ Clean View™ connects via HDMI cable and is powered by a 100-240V AC adapter. Broadcasting a single media player signal to multiple TVs is possible with custom systems.
- ✓ Sell advertising space on your laundromat's digital signage system to local businesses such as restaurants, dollar stores, nail salons, car repair shops, quick lube centers, grocery stores, specialty retailers and more.
- ✓ Adding new slides, advertiser content, or updating an existing system is easy and hassle free. Content updates start at \$49.
